MEDIA INFORMATION

THE MAGAZINE

Garden Centre Update is the monthly magazine for garden centres and nurseries. Since its launch in 1993, Garden Centre Update is now firmly established within this dynamic and diverse sector, and is at the forefront in coverage of the latest products and services. It reaches buyers from independent and multiple garden centres and nurseries throughout the UK, enabling them to source up-to-the-minute new product information and the latest industry news. It is also the magazine that garden centre buyers look to for dedicated features, trade association comment, interviews with leading industry figures, show previews and reviews, and much more.

Publishing 11 copies a year, Garden Centre Update has a circulation of 4,000 copies across its print and digital editions. The digital edition appears on the publication's website www.gardencentreupdate.com during the relevant month and is then archived for easy retrieval.

DIGITAL ISSUE

Garden Centre Update's fully-interactive digital format is available on the Garden Centre Update website. Here you can bookmark pages and send, search, print and save information. In addition, our readers can contact advertisers directly via live URL and email links. These links are included free of charge with your advertising commitment but there are a number of additional opportunities, which include

- Digital Bellybands

Adobe Acrobat PDF Version 1.3

- Adobe Acrobat Distiller 5.x is the required software for creating pass4press version 2 compliant PDF files.
- (PDF files created with other software, such as Agfa Apogee, must conform to the pass4press specifications and include page geometry information).
- Files must be PDF version 1.3 or later.
- All files to be supplied as composite CMYK (if a spot colour is required please contact the publisher).
- Where necessary a bleed area of 3mm must be contained within the file.
- Files must contain crop marks.
- All images contained within the PDF must be high resolution (300 dpi recommended) CMYK format.
- All fonts must be embedded.
- Any trapping requirements should be applied by the file creator.
- No trapping will be applied by the printer.
- Combined colour ink density must not exceed 300%.
- Files must be submitted as single pages.

QuarkXPress, Adobe Illustrator, Adobe Photoshop Images

- All images in the file must be high resolution (300 dpi).
- Colour images must be saved in CMYK mode as TIFF or EPS format.
- Do not use RGB images.
- Try not to use JPEG images. Convert them to EPS or TIFF format.
- If you have to send JPEG images you must inform us.
- Any images with clipping paths must be saved as EPS format, otherwise the cutout will not work.
- Because of issues with PDFs produced directly in InDesign and Adobe Illustrator, the PDF must be flattened in the program it was produced in to avoid layer and transparency problems, or we suggest these formats are made and supplied as Tiff or EPS files. Otherwise we do not accept any responsibility for errors occurring in the final print run.

OUR PUBLISHERS

Datateam Business Media Ltd is a modern and dynamic communications business with a product portfolio covering six business-to-business and healthcare sectors. Established in 1988, we have expanded over the years and now offer over 50 publications, websites, events and awards. Garden Centre Update sits alongside other industry leading publications within the DIY, Garden and Home sectors between them, bringing together a greater understanding and experience of the retail sector as a whole, while Garden Centre Update's close connection with DIY Week offers unrivalled insight, experience and market knowledge into what makes garden centres tick.

For more than 130 years, DIY Week has been the diy, hardware and garden centre industry's main news source. DIY Week has the well-deserved reputation for being essential for anyone who needs to keep abreast of what's happening across the entire market, from small independent hardware retailers to major diy multiples, and also online retailers. Every fortnight, DIY Week provides a mix of news, features, opinion and background information of unrivalled authority, plus interviews with leading retailers -a formula that continues to make DIY Week, the essential news source for retailers and suppliers.

Housewares magazine, is the original business-to-business magazine for housewares retailers and their suppliers. For over 30 years it has been profiling leading housewares retailers and showcasing the latest in product innovation. Alongside detailed reviews of key market sectors, informed comment by senior industry people, exclusive market trend information from retailers themselves, and much more Housewares offers the best route to multiple Housewares retailers, grocers, department stores and leading independents.

Builders Merchants Journal has been serving the decision-makers in builders merchants for almost a century. We deliver daily news, in-depth features and thought provoking comment on the issues that matter to the people who move the materials that build our nation.

Innovative Electrical Retailing (Formerly Independent Electrical Retailer) is the leading monthly electrical retail trade magazine. Read by senior personnel in the electrical sectors independent and multiple retailers, leading manufacturers, suppliers, distributors and service providers it presents retailers with an authoritative mix of business, market and product information across the three main sectors of the electrical trade: consumer electronics; major domestic appliances; small domestic appliances.
